infrastructural and environmental policies" at the School for Public Policies, and on the 27th of April he spoke at a seminar about the relations between institutions and the business sector, on the topic "The multilevel system: European Union, State, Regions, Municipalities". Both events, organized by italiadecide, association for the quality of public policies, were held at the Sala del Mappamondo - Chamber of Deputies in Rome.

Antonino Iacovello has drafted a law of the text of the legislation on the organization and functioning of the regional health service developed by the Institute, as part of the collaboration started some years ago with the Regional Council of the Basilicata Region. The law aims at harmonizing the sectoral regional legislation that has been stratified over time, eliminating duplications and uncertainties in the application, stemming from the adoption of the new organizational model in the Region.
